

# Learning with Roald Dahl

## GOBBLEFUNK

*'Here is the repulsant snozzcumber!' cried the BFG, waving it about. 'I squoggle it! I mispise it! I dispunge it! But because I is refusing to gobble up human beans like the other giants, I must spend my life guzzling up inky-poo snozzcubmers instead.'*

Roald Dahl loved playing with words and inventing new ones! For *The BFG*, he created **Gobblefunk**, a collection of 238 new words. Although they didn't all make it into the final version, these words did:

HUMPLECRIMP

SWALLOMP

CRUMPSCODDLE

FIZZWIGGLER

GUMFROG

**INVENT** some new words of your own by putting a word from the first group with a word from the second group. For example, you could invent the words 'wibbleberry' or 'munchball'. Don't forget to say what your words mean once you've invented them.
